

STAINLESS STEEL TANKS

Equipping the Nation's Drink Producers

25

YEAR GUARANTEE\*

PRECISION MANUFACTURE

**Speidel Tank-und Behälterbau GmbH, globally renowned tank manufacturer - est.1912**  
**25 year Speidel tank guarantee\***

High performance stainless steel, from global leader [Outokumpu](#)

AISI 304 walls & bottom; AISI 316 top (as standard)

Generally thicker than the stainless steel found on cheaper tank brands

**Highly polished, mirror finish lld 2R & smooth-as-glass inner surfaces** - optimal hygiene

**Renowned Speidel welds - smooth, continuous laser welds** - reducing cleaning time & costs

Seamless (moulded from tank wall) door opening (manway versions) - optimal hygiene

One-piece moulded top & bottom panels - optimal hygiene

Minimal air/complete vent top design & total drain bottom design (V channel/pipe versions)

Strong, wide welded legs\*\* - stability

Enclosed legs & dished bottoms on large capacity tanks - strength & stability

Heating/cooling laser welded external jackets available in multiple positions, rated to 6 Bar

Protected & isolated sight glass level indicator

(\*) Excludes tanks over 2000mm diameter, pressure tanks (due to the statutory requirements of the Pressure Equipment & Systems Regulations) & tanks stored outside. NB Terms & conditions apply to Speidel guarantees.

(\*\*) BO version tanks do not have legs
